James P. Shannon Leadership Institute Information Sessions

People engaged in public and community service are often so busy doing their work that they miss the opportunity to think about why that work is important or how they might do it more effectively. They can also be deprived of the sense of satisfaction and fulfillment that their hard work merits.

At the Information Sessions you will learn about the James P. Shannon Leadership Institute and the value of renewal as a strategy for effective leadership. Shannon staff and program alumni will be present to answer your questions. There will be a brief program and you will have the opportunity to meet other community leaders.

The James P. Shannon Leadership Institute was established in 1992 to ensure continued vitality and creativity in the nonprofit sector. Since that time the Institute has worked with over 700 foundation, nonprofit, and community leaders in its year long program. All Information Sessions are free but space is limited. Please register by completing the form below.
