

# Community Engagement Continuum

## Feedback

Our work is already in motion, we want you to tell us how well we are doing and/or how we can improve it.

## Input

We have partially developed an idea and we need your input to help us flesh it out.

## Co-creation

We want to partner with you to develop an idea, working together from inception to implementation.

AMHERST H.  
WILDER  
FOUNDATION

**Here for good.**

*Community Engagement Continuum is based on the work of the University of Minnesota Citizen Professional Center.*
