Moving forward

The BPP Dashboard

The Big Picture Project will monitor and report progress on the Central Corridor Affordable Housing (CHM) through a series of webinars, reports, and events throughout the year. This dashboard of central budget figures will be used to demonstrate program results toward the Basin Parishes Partnerships Objective III: Affordable Housing.

Objective II

Tracking Changes in Median Rental Rates for Available Two-Bedroom Units

Objective

Tracking Change in Median annual income for Middle Family Incomes

Notes:

- Goal to reach by 2020
- The Central Corridor/Green Line transit stations—such as the Rock Island Bridge and the Highland Park campus—will be platforms for economic development and neighborhood revitalization.
- There have been significant changes along University Avenue.
- The Central Corridor/Green Line is part of the City of Lakes Metro Transitway and will be animated by development along the corridor, supporting the City’s vision to create an urban renewal district.
Whole light rail service is scheduled to be in service by 2024. A variety of initiatives and investments are already in place that respond to the Big Picture Project’s goals and interconnectedness.

Two years ago the Big Picture Project rolled out a coordinated plan to create and promote opportunities for affordable housing along the entire stretch of the Central Corridor. Our work seeks to enhance the corridor by providing great places to live, new opportunities and better access to local and regional destinations and jobs.

We had three main objectives:

OBJECTIVE I: Expand the neighborhood and invest in activities that help mobilize all sectors behind strategies and align public and private investments, and also to the broader community. We'll also highlight key initiatives we hope to monitor progress to provide transparency to each other as separate initiatives to the broader community. As we know, indicators that demonstrate what's happening on the ground, while ensuring that equity, partnerships, but also to the broader community. We’ll also highlight key initiatives that demonstrate what’s happening on the ground, while ensuring that equity, partnerships, but also to the broader community. We’ll also highlight key initiatives.

OBJECTIVE II: Strengthen families through coordinated investments.

OBJECTIVE III: Strengthen the neighborhood and invest in activities that help families through coordinated investments.

Thanks to the Big Picture Project Oversight Team:

Kate Speed, Twin Cities LISC

Amy McCullough, Twin Cities LISC

Eric Muschler, McKnight Foundation

Elizabeth Ryan, Family Housing Fund

Margaret Kaplan, Minnesota Housing Finance Agency

Denise Beigbeder, Ramsey County HRA

Vicki Shipley, U.S. Bank

Barbara McCormick, Project for Pride in Living

Tim Thompson, Housing Preservation Project

Karen Inman, District Councils Collaborative

Gretchen Nicholls, Twin Cities LISC

Walter Cox, consultant (MAP for Nonprofits)

Gordon Goodwin, consultant (MAP for Nonprofits)

Margo Geffen, Hennepin County Community Works

Amy Geisler, Minneapolis Community Planning and Economic Development

As we know, indicators that demonstrate what’s happening on the ground, while ensuring that equity, partnerships, but also to the broader community. We’ll also highlight key initiatives.

This is a 10-year journey we've all embarked on, but we already have much to celebrate—as this report shows—and further to go. Thank you for your support.
