Figures and data tables

1. Central Minnesota Adult Health Survey sample and respondents.....	3
2. Central Minnesota Adult Health Survey area	4
3. Map of respondent locations in the participating counties	5
4. In general, would you say that your health is	8
5. About how long has it been since you last visited a doctor or other health care professional for a routine check-up?.....	9
6. During the past 12 months, was there a time when you thought you needed medical care but did not get it or delayed getting it?.....	10
7. (Of those who said they had delayed getting medical care they needed in the past 12 months) Why did you not get or delay getting the medical care you thought you needed?	11
8. How would you rate your overall level of stress?.....	13
9. During the past 30 days, for about how many days have you felt sad, blue, or depressed?	14
10. During the past 12 months, was there a time when you wanted to talk with or seek help from a health professional about emotional problems such as stress, depression, excess worrying, troubling thoughts, or emotional problems, but did not or delayed talking with someone?	15
11. (Of those who said they had delayed getting care they needed for emotional problems in the past 12 months) Why did you not get or delay getting the care you thought you needed?	16
12. Which statement best describes the medications prescribed for you in the past 6 months?	18
13. (Of those who said they had not filled at least one of their prescriptions in the past 6 months) Why did you not fill at least one prescription?.....	19
14. Do you currently have any kind of health care coverage, including health insurance or government plans such as Medicaid, Medicare, or Indian Health Services?	21
15. (Of those who said they have health insurance) Is your health insurance a high deductible plan?	22
16. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Health insurance or coverage through your employer or your spouse/partner, parent, or someone else’s employer.....	23
17. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Health insurance or coverage bought directly by you or your family	24

Figures and data tables (continued)

18. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Indian or Tribal Health Service	25
19. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Medicare	26
20. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Medicaid, Medical Assistance (MA), or Prepaid Medical Assistance Program (PMAP)	27
21. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Minnesota Comprehensive Health Association (MCHA)	28
22. (Of those who said they have health insurance) Which of the following types of health insurance do you have? MinnesotaCare	29
23. (Of those who said they have health insurance) Which of the following types of health insurance do you have? CHAMPUS, TRICARE, or Veterans' benefits	30
24. (Of those who said they have health insurance) Which of the following types of health insurance do you have? Other health insurance or coverage	31
25. Have you ever been told by a doctor or other health care professional that you have diabetes?	32
26. Have you ever been told by a doctor or other health care professional that you have high blood pressure?	33
27. Have you ever been told by a doctor or other health care professional that you have high blood cholesterol?	34
28. About how often do you drink pop or soda (regular)?	35
29. About how often do you drink pop or soda (diet)?	36
30. About how often do you drink energy drinks such as Red Bull, 5-hour Energy, or Monster?	37
31. About how often do you drink other sugar-sweetened drinks such as sweet tea, coffee drinks, juice drinks, Kool-Aid, or Gatorade?	38
32. About how often do you drink water?	39
33. About how often do you drink milk?	40
34. A serving of fruit is one medium sized fruit, or a half cup chopped, cut, or canned fruit. Yesterday, how many servings of fruit did you eat?	41
35. Yesterday, how many 6 ounce servings of 100% fruit juice did you drink?	42
36. A serving of vegetables is a half cup of any vegetable or one cup of salad greens. Yesterday, how many servings of vegetables did you eat?	43

Figures and data tables (continued)

37. Number of fruits and vegetables eaten yesterday (Mean, calculated variable)	44
38. Number of fruits and vegetables eaten yesterday (calculated variable)	45
39. During the past 7 days, how many times did you eat from a fast food restaurant, including carry-out or delivery?.....	46
40. On average, while you are not at work or school, how many hours or minutes per day do you use a computer, tablet, TV, or smart phone for reading, playing games, surfing the Internet, or watching programs or movies? (Mean)	47
41. On average, while you are not at work or school, how many hours or minutes per day do you use a computer, tablet, TV, or smart phone for reading, playing games, surfing the Internet, or watching programs or movies?.....	48
42. During an average week, whether at work, at home, or anywhere else, on how many days do you get at least 30 minutes of moderate physical activity? (Moderate exercise 3+ days)	50
43. During an average week, whether at work, at home, or anywhere else, on how many days do you get at least 30 minutes of moderate physical activity? (Moderate exercise 5+ days)	51
44. How often do you feel safe in your community?.....	52
45. Are you in a relationship where you are (or have ever been) physically hurt, threatened, or made to feel afraid?.....	53
46. How often do you wear a seat belt when you drive or ride in a car or other vehicle? ...	54
47. Do you ever drive a car or other vehicle?.....	55
48. (Of those who said they drive) When driving a car or other vehicle, how often do you read incoming text messages or emails?.....	56
49. (Of those who said they drive) When driving a car or other vehicle, how often do you send text messages or emails?.....	57
50. (Of those who said they drive) When driving a car or other vehicle, how often do you make or answer a phone call?	58
51. (Of those who said they drive) When driving a car or other vehicle, how often do you do other activities such as eat, read, or apply makeup or shave?.....	59
52. In general, how often do you smoke cigarettes?.....	60
53. Smoking status (calculated variable)	61
54. In general, how often do you chew tobacco?.....	62
55. Chewing tobacco user status (calculated variable)	63
56. In general, how often do you smoke cigars, cigarillos, or little cigars?	64

Figures and data tables (continued)

57. Cigars, cigarillos, or little cigar smoking status (calculated variable).....	65
58. In general, how often do you use marijuana?	66
59. Marijuana user status (calculated variable).....	67
60. In general, how often do you use other illegal drugs such as cocaine, heroin, or meth?	68
61. Other illegal drugs such as cocaine, heroin, or meth user status (calculated variable) ..	69
62. In general, how often do you use prescription drugs that are not prescribed for you or that you take only to get high?.....	70
63. Prescription drugs (that are not prescribed for you or that you take only to get high) user status (calculated variable).....	71
64. During the past 30 days, have you had at least one drink of any alcoholic beverage such as beer, wine, a malt beverage, or liquor?	72
65. (Of those who said they had at least one alcoholic beverage in the past 30 days) During the past 30 days, on how many days did you have at least one drink of any alcoholic beverage? (Mean).....	73
66. (Of those who said they had at least one alcoholic beverage in the past 30 days) During the past 30 days, on the days when you drank, about how many drinks did you drink on average? (Mean)	74
67. (Of those who said they had at least one alcoholic beverage in the past 30 days) Total number of drinks in past 30 days (Mean, calculated variable).....	75
68. During the past 30 days, on the days when you drank, about how many drinks did you drink on average? ^a (calculated variable)	76
69. Chronic drinking (calculated variable, gender specific) ^a	77
70. (Of those who said they had at least one alcoholic beverage in the past 30 days) Considering all types of alcoholic beverages, how many times during the past 30 days did you have 4 or more drinks on one occasion (binge drinking—females ^a) (Mean).....	78
71. (Of those who said they had at least one alcoholic beverage in the past 30 days) Considering all types of alcoholic beverages, how many times during the past 30 days did you have 5 or more drinks on one occasion (binge drinking—males ^a) (Mean).....	79
72. Binge drinking (calculated variable, gender specific) ^a	80
73. During the past 30 days, how many times have you driven when you’ve had perhaps too much to drink?.....	81

Figures and data tables (continued)

74. Do you perform monthly self-exams for cancer (self-breast exam or self-testicular exam)?.....	82
75. Do you get a yearly flu shot or flu immunization?.....	83
76. Do you need medication to control a chronic physical or mental condition?.....	84
77. Do you have a family emergency plan?.....	85
78. Do you live with someone who smokes?.....	86
79. In your opinion, how much of a problem is each of these issues in your county? People without health insurance or medical coverage.....	87
80. In your opinion, how much of a problem is each of these issues in your county? People not getting needed care because of inadequate health insurance or high deductibles.....	88
81. In your opinion, how much of a problem is each of these issues in your county? Too few health care providers.....	89
82. In your opinion, how much of a problem is each of these issues in your county? Too few dental providers.....	90
83. In your opinion, how much of a problem is each of these issues in your county? Language barriers in getting health care.....	91
84. In your opinion, how much of a problem is each of these issues in your county? Lack of provider knowledge about the health care needs of people of different cultures.....	92
85. In your opinion, how much of a problem is each of these issues in your county? Ambulance/rescue squad response time to 911.....	93
86. In your opinion, how much of a problem is each of these issues in your county? County government’s lack of preparation for a disaster, disease outbreak, or terrorist event.....	94
87. In your opinion, how much of a problem is each of these issues in your county? Difficulty obtaining family planning services.....	95
88. In your opinion, how much of a problem is each of these issues in your county? Lack of services to allow people to continue living at home.....	96
89. In your opinion, how much of a problem is each of these issues in your county? Crime.....	97
90. In your opinion, how much of a problem is each of these issues in your county? Unemployment.....	98
91. In your opinion, how much of a problem is each of these issues in your county? Children in poverty.....	99

Figures and data tables (continued)

92. In your opinion, how much of a problem is each of these issues in your county? Families experiencing financial stress.....	100
93. In your opinion, how much of a problem is each of these issues in your county? Youth not graduating high school.....	101
94. In your opinion, how much of a problem is each of these issues in your county? Parents with inadequate or poor parenting skills	102
95. In your opinion, how much of a problem is each of these issues in your county? Teen pregnancy.....	103
96. In your opinion, how much of a problem is each of these issues in your county? Unplanned pregnancy	104
97. In your opinion, how much of a problem is each of these issues in your county? Infant death or premature birth	105
98. In your opinion, how much of a problem is each of these issues in your county? Adults not getting their immunizations such as flu, tetanus, or pneumonia	106
99. In your opinion, how much of a problem is each of these issues in your county? Children not getting their immunizations such as pertussis, flu, or tetanus	107
100. In your opinion, how much of a problem is each of these issues in your county? Infectious diseases such as flu, pneumonia, or whooping cough	108
101. In your opinion, how much of a problem is each of these issues in your county? Sexually transmitted diseases such as chlamydia, syphilis, or HIV/AIDS.....	109
102. In your opinion, how much of a problem is each of these issues in your county? Insect-borne diseases such as Lyme disease or West Nile virus	110
103. In your opinion, how much of a problem is each of these issues in your county? Indoor air pollution related to radon	111
104. In your opinion, how much of a problem is each of these issues in your county? Unsafe drinking water.....	112
105. In your opinion, how much of a problem is each of these issues in your county? Unsafe food in restaurants	113
106. In your opinion, how much of a problem is each of these issues in your county? Extreme heat – days of high heat and humidity.....	114
107. In your opinion, how much of a problem is each of these issues in your county? Extreme weather such as drought, floods, or tornadoes	115
108. In your opinion, how much of a problem is each of these issues in your county? Lack of access to public space for no-cost recreational use	116

Figures and data tables (continued)

109. In your opinion, how much of a problem is each of these issues in your county? Lack of safe places to walk or bike.....	117
110. In your opinion, how much of a problem is each of these issues in your county? Smoking or other tobacco use.....	118
111. In your opinion, how much of a problem is each of these issues in your county? Abuse of prescription drugs	119
112. In your opinion, how much of a problem is each of these issues in your county? Alcohol abuse among those aged 21 or over	120
113. In your opinion, how much of a problem is each of these issues in your county? Alcohol use among those under 21	121
114. In your opinion, how much of a problem is each of these issues in your county? Adults allowing or tolerating youth alcohol use	122
115. In your opinion, how much of a problem is each of these issues in your county? Drinking and driving.....	123
116. In your opinion, how much of a problem is each of these issues in your county? Illegal drug use among youth.....	124
117. In your opinion, how much of a problem is each of these issues in your county? Illegal drug use among adults	125
118. In your opinion, how much of a problem is each of these issues in your county? Asthma	126
119. In your opinion, how much of a problem is each of these issues in your county? Cancer	127
120. In your opinion, how much of a problem is each of these issues in your county? Chronic pain.....	128
121. In your opinion, how much of a problem is each of these issues in your county? Diabetes.....	129
122. In your opinion, how much of a problem is each of these issues in your county? Heart disease and stroke.....	130
123. In your opinion, how much of a problem is each of these issues in your county? Mental illness	131
124. In your opinion, how much of a problem is each of these issues in your county? Obesity among adults.....	132
125. In your opinion, how much of a problem is each of these issues in your county? Obesity among children	133

Figures and data tables (continued)

126. In your opinion, how much of a problem is each of these issues in your county? Lack of physical exercise.....	134
127. In your opinion, how much of a problem is each of these issues in your county? Unhealthy eating habits.....	135
128. In your opinion, how much of a problem is each of these issues in your county? Lack of access to healthy food.....	136
129. In your opinion, how much of a problem is each of these issues in your county? Falls among the elderly.....	137
130. In your opinion, how much of a problem is each of these issues in your county? Motor vehicle crashes	138
131. In your opinion, how much of a problem is each of these issues in your county? Improper use of or not using child car seats	139
132. In your opinion, how much of a problem is each of these issues in your county? Bullying.....	140
133. In your opinion, how much of a problem is each of these issues in your county? Abuse and neglect of children.....	141
134. In your opinion, how much of a problem is each of these issues in your county? Abuse and neglect of vulnerable adults	142
135. In your opinion, how much of a problem is each of these issues in your county? Domestic violence.....	143
136. In your opinion, how much of a problem is each of these issues in your county? Rape and sexual assault	144
137. In your opinion, how much of a problem is each of these issues in your county? Depression among youth.....	145
138. In your opinion, how much of a problem is each of these issues in your county? Depression among adults	146
139. In your opinion, how much of a problem is each of these issues in your county? Suicide among youth.....	147
140. In your opinion, how much of a problem is each of these issues in your county? Suicide among adults	148
141. In your opinion, how much of a problem is each of these issues in your county? Eating disorders such as anorexia, bulimia, or binge eating.....	149
142. In your opinion, how much of a problem is each of these issues in your county? Difficulty obtaining mental health services for youth	150

Figures and data tables (continued)

143. In your opinion, how much of a problem is each of these issues in your county? Difficulty obtaining mental health services for adults.....	151
144. In your opinion, how much of a problem is each of these issues in your county? Difficulty obtaining alcohol and other drug abuse treatment for youth.....	152
145. In your opinion, how much of a problem is each of these issues in your county? Difficulty obtaining alcohol and other drug abuse treatment for adults	153
146. In your opinion, how much of a problem is each of these issues in your county? People not taking prescribed medication for mental health problems	154
147. What is your gender?	155
148. What is your age? (Mean).....	156
149. What is your age?.....	157
150. How many adults (including you) and children live in your household? Number of adults age 18 or older (including you).....	158
151. How many adults (including you) and children live in your household? Number of children under age 18	159
152. Body mass index (BMI) ^a (Mean, calculated variable)	160
153. Weight status according to BMI (calculated variable)	161
154. Race/Ethnicity for Stearns County ^a	162
155. Which of the following best describes your current relationship status?	163
156. Have you ever served on active duty in the United States Armed Forces, either in the regular military or in a National Guard or military reserve unit?	164
157. What is the highest level of education you have completed?	165
158. What was your household's total income from all earners and all sources in 2012? ..	167

Acknowledgments

Wilder Research would like to thank the members of the Central Minnesota Community Health Survey working group, who advised us on all aspects of the study design and reporting. This includes: Benton County, Chisago County, Mille Lacs County, Sherburne County, Stearns County, Albany Area Hospital and Medical Center, CentraCare Health—Melrose, CentraCare Health—Paynesville, CentraCare Health—Sauk Centre, CentraCare Health—St. Cloud Hospital, and CentraCare Health—Long Prairie.

It is important to note that at the time of the study, Paynesville Area Health Care had not yet been acquired by CentraCare Health, but the decision to affiliate had been made by the Paynesville Area Health Center Board.

We would also like to thank Ann Kinney, from the Minnesota Department of Health, and Mansour Fahimi, of GfK, for their assistance with the technical aspects of instrument design, sampling, weighting, and analysis.

This study was conducted in part with generous funding from:

- Benton, Chisago, Mille Lacs, Sherburne, and Stearns counties.
- Albany Area Hospital and Medical Center
- CentraCare Health
- Otto Bremer Foundation
- Medica Foundation
- UCare Foundation
- Fiscal Agency was provided by CentraCare Health Foundation with the support of CentraCare Health which paid the administrative costs of serving as fiscal agent.

The following Wilder Research staff contributed to the completion of this project:

Mark Anton
Jennifer Bohlke
Marilyn Conrad
Madeline Hansen
Denise Huynh
Sophak Mom

And finally, we would like to thank the 2,930 residents of Central Minnesota who participated in this survey. Without them, this report would not be possible!

Introduction and methods

In spring and summer 2013, Wilder Research was contracted to conduct a survey of adults in five counties in Central Minnesota (Benton, Chisago, Mille Lacs, Sherburne, and Stearns) to learn more about their health status and health behaviors, as well as their perceptions of health concerns in their communities. The public health agencies in each of the participating counties, CentraCare Health System, and Albany Area Hospital and Medical Center all provided representatives to participate in the study's working group, which advised Wilder Research on the development of the survey instrument and data collection methods. This group also provided final approvals on project decisions.

Survey instrument

The survey instrument was designed by Wilder Research in collaboration with the Central Minnesota Community Health Survey working group. Previous community health surveys conducted by Wilder and other counties were also used as examples when designing the survey. The survey instrument was developed for paper self-administration and was conducted in English only. See the Appendix for the complete survey instrument.

Sample

We used address-based sampling, to ensure all households were included in the sampling frame regardless of their phone status. The sample was purchased from Marketing Systems Group. See Figure 1 for an illustration of the number of sampled addresses, number of completed surveys, response rate, and margin of error for each of the sampling areas.

Data collection

Sampled addresses were contacted three times by mail, using the “modified Dillman” method of survey mailing, whereby sampled addresses are sent an initial survey packet including a cover letter, survey, and postage-paid return envelope. After two weeks, all households that did not return their completed survey were sent a post card reminder. After an additional two weeks, all sampled households that still did not complete the survey were sent a final survey packet. Of note, the survey was conducted during winter and early spring in Minnesota. Therefore, caution should be used when interpreting the results, especially related to physical activity and consumption of fresh produce, as these measures vary by season. Seasonality should be taken into consideration when comparing these survey data to other data sources across time.

There was one exception to this mailing sequence in the Sherburne County portion of zip code 56304, which is in Reporting Area #1. The initial study sample mistakenly did not include sample from this area so a remedial follow-up mailing was sent to sampled addresses in this area. Enough sample was released in this case so that only one mailing of the survey packet was needed to obtain the desired number of completes to correct for the initial error.

Adults were randomly selected from within the sampled households using the “most recent birthday” method (asking the adult who most recently had a birthday to fill out the one survey for that household) to ensure gender balance in survey respondents.

Weighting and analysis

Survey data are weighted to produce reliable estimates of population parameters. Weighting also compensates for practical limitations of a sample survey, such as differential nonresponse and under-coverage. By taking advantage of demographic information about the target population, weighting can reduce the variability of survey estimates.

The weighting process entails three steps. The first step consists of the computation of *design* or *base weights* to reflect any differential selection based on number of adults in the sampled household. In the second step, base weights are adjusted so that the resulting weights can aggregate to reported totals for the target population. For this study, survey weights were calculated using the method of *Iterative Proportional Fitting*, which is commonly referred to as *Raking*. Finally, adjusted weights are put through a series of quality control checks to detect extreme outliers and to prevent any computational or procedural errors.

Given the sample size and the demographic composition of the adult population of the five county region, design weights were adjusted by age and gender. Survey data for these demographic questions included missing values. All such missing values were first imputed using a hot-deck procedure before construction of the survey weights. The data were weighted against the U.S. Census Bureau’s March Supplement of the Current Population Survey (CPS) 2012.

Coding was completed to categorize responses to the open-ended questions. See the Appendix for the codebook.

1. Central Minnesota Adult Health Survey sample and respondents

Area No.	Reporting area (County and Zip Code)	Adult (age 18+) population of area ^a	Number of addresses sampled	Number of completed surveys	Response rate	Margin of error ^b
1	St. Cloud metro (56301, 56303, 56304, 56374, 56377, 56379, and 56387)	97,949	3,352	597	17.8%	5.9%
2	Stearns county whole	117,563	2,073	497	24.0%	6.5%
3	Stearns County "rural" (Stearns excluding 56301, 56303, 56374, 56377, and 56387)	44,970	1,200	289	24.1%	8.5%
4	Benton County whole	27,130	2,179	517	23.7%	6.3%
5	Benton County "rural" (Benton excluding 56304, 56379 and 56377)	9,485	1,200	315	26.3%	8.0%
6	Sherburne County whole	62,722	7,500	1,392	18.6%	3.8%
7	Sherburne County 55308 (Becker)	6,037	1,200	247	20.6%	9.0%
8	Sherburne County 55309 (Big Lake)	12,177	1,200	223	18.6%	9.6%
9	Sherburne County 55330 (Elk River)	19,076	1,200	243	20.3%	9.3%
10	Sherburne County 55398 (Zimmerman)	10,107	1,200	244	20.3%	9.2%
11	Sherburne County balance (Sherburne excluding 55308, 55309, 55330, and 55398, but including the Sherburne portion of 56304)	15,235	2,700	435	16.1%	6.9%
12	Chisago County	40,040	1,200	256	21.3%	9.0%
13	Mille Lacs County	19,482	1,200	268	22.3%	8.8%
All	Five county region	266,937	14,152	2,930	20.7%	2.7%

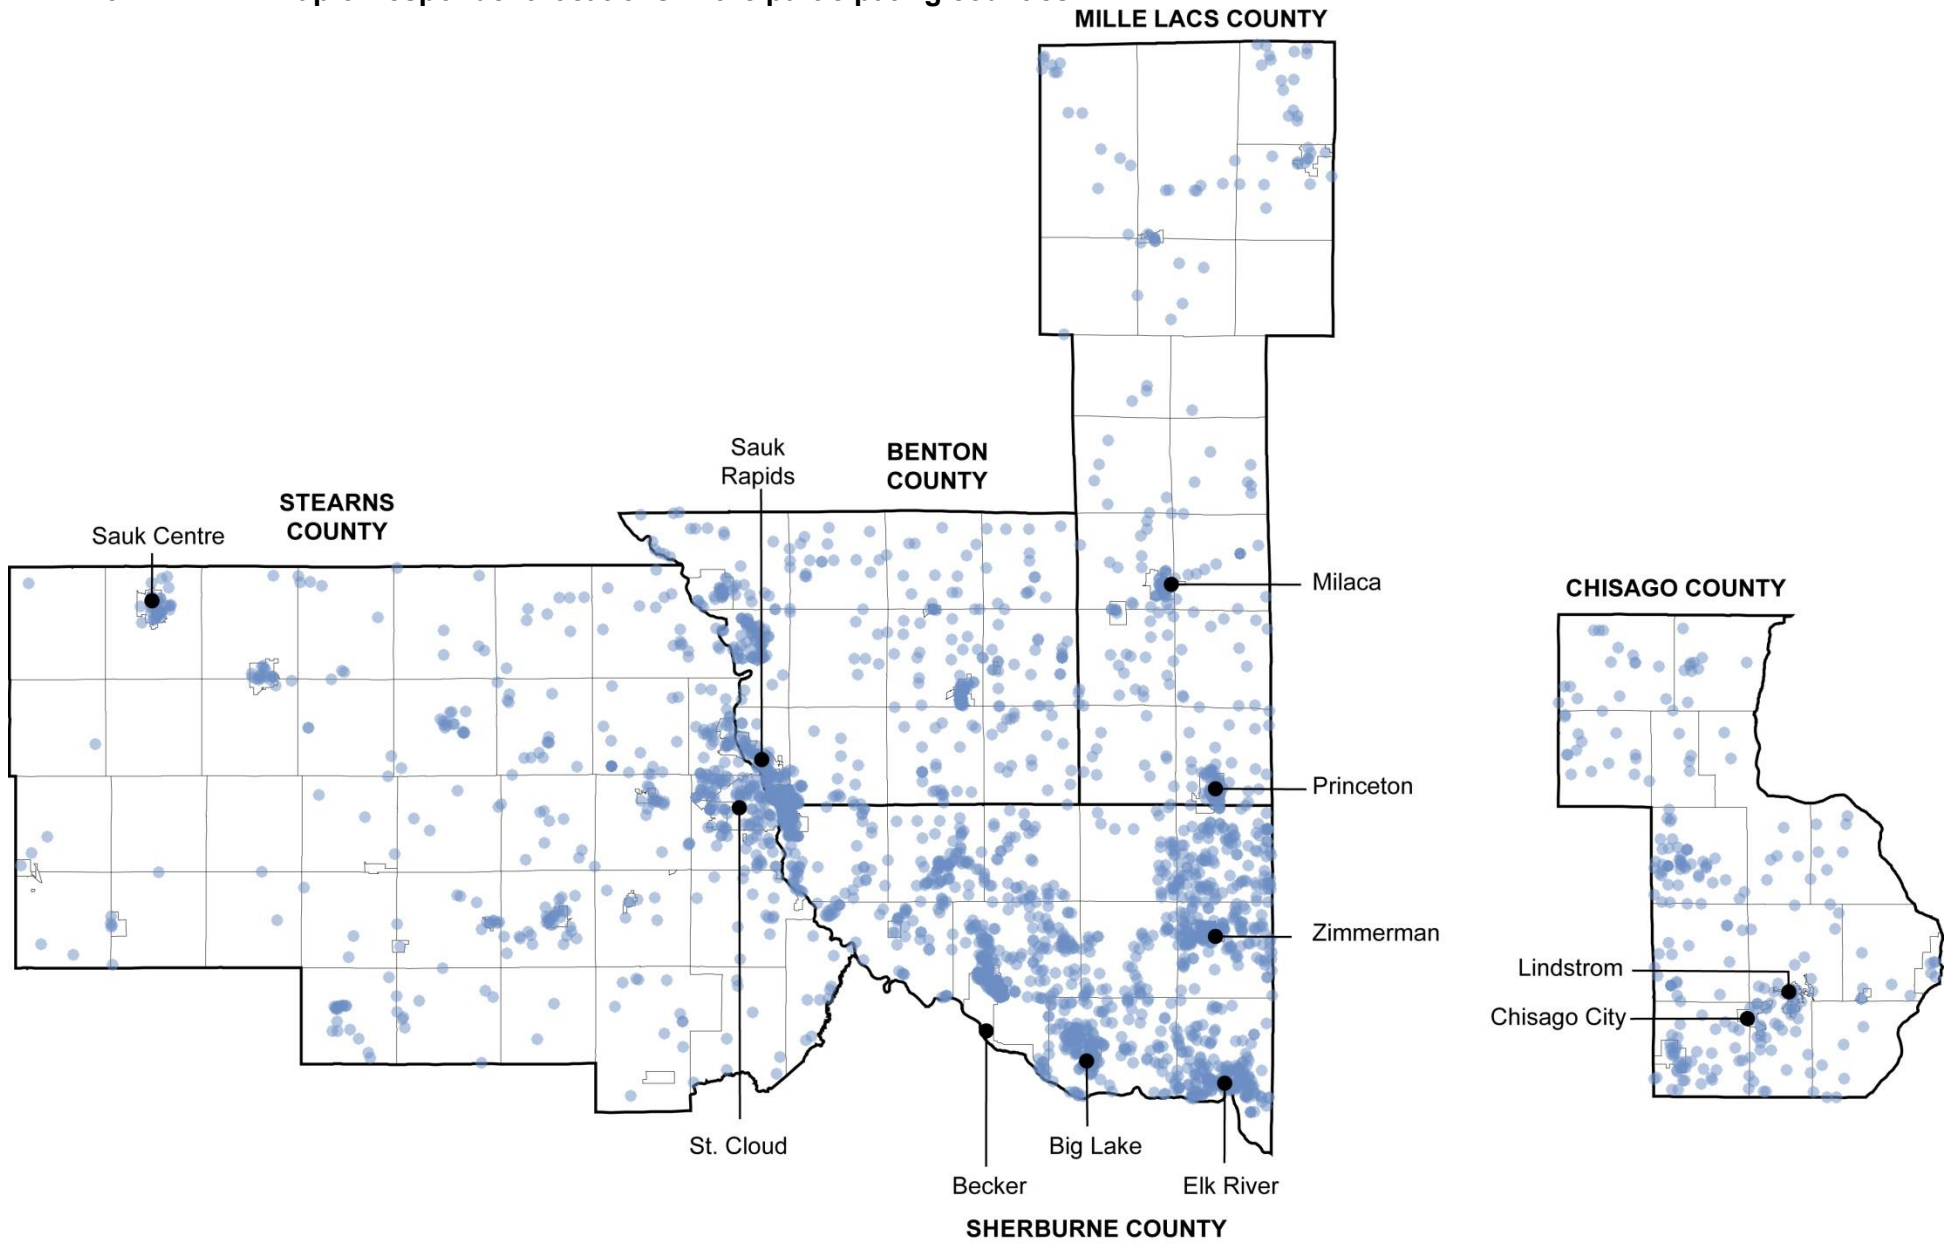

^a Source: US Census Bureau, Decennial Census, 2010, SF 1.

^b The margins of error are adjusted due to the statistical weighting procedures used to adjust age and gender.

2. Central Minnesota Adult Health Survey area

3. Map of respondent locations in the participating counties

Talking points about the study methods

To assist the representatives from the participating public health agencies and health care systems in communicating with their stakeholders (including their Community Health Boards, other organizational leadership, the media, and the general public) about this study, the following “talking points” can be used to help explain the study methods:

- This is a mailed survey. According to best practices in survey research (i.e., best response rate for lowest cost), we used a three-mailing sequence for all sampled households, which includes an initial survey packet, a reminder post card, and a final packet.
- The survey was sent to a random sample of households in the five counties. All households had an equal chance of being sampled, regardless of their phone status (i.e., households without landlines were not excluded, and households with more than one phone were not more likely to be sampled).
- The response rate for this survey is within the expected range for surveys using the three mailing sequence, and with no incentive offered for participation.
- The survey data are corrected with post-stratification and design weighting, which are statistical techniques commonly used to adjust for nonresponse bias (whereby certain types of people are more or less likely to respond to surveys).
- These methods ultimately produced a sample that is statistically representative of the adult population. (Because we obtained fewer completed surveys than was originally targeted, the margin of error has increased somewhat in each of the sampling areas. However, these data are still representative of the population.)

How to use this data book

The “area of focus” for this data book is Stearns County. Data books using this same format have been developed for each of 13 reporting areas, which correspond to the reporting areas described above, as shown in Figure 1.

Please see the other data books in this series for more detailed information about these other areas. (Some summary information on some of these areas may be shown in this data book, as noted below). For every table in this data book, results are displayed for sub-groups of respondents from Stearns County based on:

- Gender including male and female
- Age, including adults ages 18-34, 35-44, 45-54, 55-64, 65-74, and 75+
- Highest level of education including less than high school diploma/GED, high school diploma/GED, some college or AA degree, and bachelor’s degree or higher
- Annual household income ranges including less than \$20,000, \$20,000-34,999, \$35,000-49,000, \$50,000-99,999, and \$100,000 or more.
- Household type, including single adults with no children, 2+ adults with no children, single adults with 1+ children, and 2+ adults with 1+ children
- Totals for each of the five participating counties and the entire five county region

The columns in each table correspond to the response options respondents were given on the survey (see Appendix for the survey instrument). If a table presents a survey question with fixed response categories, each column indicates the percentage of respondents who gave that response to the question. Some answer categories are combined because of the low number of responses in those categories. The last column in each row of the table always presents the number of people (weighted up to the total population of the area) related to the percentages in that row. Some questions apply only to certain types of respondents (due to skip patterns in the survey). In these cases, the total includes only the proportion of residents in the area (weighted up from the number of respondents) for whom the question was applicable.

Some questions were open-ended, such that respondents wrote their own answers. Responses were grouped according to theme in order to reveal which trends are most notable. In some cases, respondents were allowed to provide more than one answer. The number of residents in the selected area that the percentages represent (based on the responses weighted up to the population level using inflationary weights) can be seen in each table. Where fewer than ten respondents submitted an answer fitting a particular theme, that theme is grouped with other answers in an “Other” category.

^a Note: The values in this table were based on respondent answers to survey questions 26, 27, and 28. Chronic drinking is defined for males of having 60 or more drinks in a 30 day period. For females, chronic drinking is defined as having 30 or more drinks in a 30 day period. "Drinking—not chronic, gender specific" is the percentage of respondents who drank in the last 30 days, but are not considered chronic drinkers (less than 60 drinks in a 30 day period for men and less than 30 drinks in a 30 day period for women). "No drinking" represents the respondents who reported not drinking in the past 30 days.

^a Body mass index, or BMI, is the measure of relative weight based on an individual's height and mass. An individual is considered to be underweight if they have a BMI of 18.5 or less, normal weight if their BMI is 18.5 to 24.9, overweight if 25-29.9, and obese if 30 or greater. BMI was calculated based on respondent answers to questions 37 and 38.

153. Weight status according to BMI (calculated variable)

GENERAL HEALTH AND HEALTH CARE

1. **In general, would you say that your health is:**
 Excellent Very good Good Fair Poor

2. **About how long has it been since you last visited a doctor or other health care professional for a routine check-up?**
 Within the past year
 Within the past 2 years
 Within the past 5 years
 5 or more years ago
 Never

3. **During the past 12 months, was there a time when you thought you needed medical care but did not get it or delayed getting it?**
 Yes No ➔ IF NO, GO TO QUESTION 5

4. **Why did you not get or delay getting the medical care you thought you needed? Please check all that apply.**

<input type="checkbox"/> The care I needed cost too much	<input type="checkbox"/> I could not get an appointment
<input type="checkbox"/> My co-pay was too expensive	<input type="checkbox"/> I did not think it was serious enough
<input type="checkbox"/> My deductible was too expensive	<input type="checkbox"/> I had transportation problems
<input type="checkbox"/> My insurance did not cover it	<input type="checkbox"/> Other reason: <input style="width: 250px; height: 20px;" type="text"/>
<input type="checkbox"/> I did not have insurance	

5. **How would you rate your overall level of stress?**
 High Medium Low

6. **During the past 30 days, for about how many days have you felt sad, blue, or depressed?** days

7. **During the past 12 months, was there a time when you wanted to talk with or seek help from a health professional about emotional problems such as stress, depression, excess worrying, troubling thoughts, or emotional problems, but did not or delayed talking with someone?**
 Yes No ➔ IF NO, GO TO QUESTION 9 ON NEXT PAGE

8. **Why did you not get or delay getting the care you thought you needed? Please check all that apply.**

<input type="checkbox"/> The care I needed cost too much	<input type="checkbox"/> I could not get an appointment
<input type="checkbox"/> My co-pay was too expensive	<input type="checkbox"/> I did not think it was serious enough
<input type="checkbox"/> My deductible was too expensive	<input type="checkbox"/> I had transportation problems
<input type="checkbox"/> My insurance did not cover it	<input type="checkbox"/> I did not know where to go
<input type="checkbox"/> I did not have insurance	<input type="checkbox"/> Other reason: <input style="width: 250px; height: 20px;" type="text"/>
<input type="checkbox"/> I was too nervous or afraid	

9. Which statement best describes the medications prescribed for you in the past 6 months?

- I had no medications prescribed for me (GO TO QUESTION 11)
- I had medications prescribed for me and I filled them all (GO TO QUESTION 11)
- I had medications prescribed for me and I did not fill at least one of them

10. Why did you not fill at least one prescription? Please check all that apply.

- The medication I needed cost too much
- My co-pay was too expensive
- My deductible was too expensive
- My insurance did not cover it
- I did not have insurance
- I do not like taking medications
- I did not like the side effects
- I had transportation problems
- Pharmacy services are not available in my community
- Other reason:

11. Do you currently have any kind of health care coverage, including health insurance or government plans such as Medicaid, Medicare, or Indian Health Services?

- Yes
- No ➔ IF NO, GO TO QUESTION 14

12. Is your health insurance a high deductible plan?

- Yes
- No

13. Which of the following types of health insurance do you have? Please check all that apply.

- a. Health insurance or coverage through your employer or your spouse/partner, parent, or someone else's employer
- b. Health insurance or coverage bought directly by you or your family
- c. Indian or Tribal Health Service
- d. Medicare
- e. Medicaid, Medical Assistance (MA), or Prepaid Medical Assistance Program (PMAP)
- f. Minnesota Comprehensive Health Association (MCHA)
- g. MinnesotaCare
- h. CHAMPUS, TRICARE, or Veterans' benefits
- i. Other health insurance or coverage (please specify):

14. Have you ever been told by a doctor or other health care professional that you have... Yes No

- a. Diabetes? Yes No
- b. High blood pressure? Yes No
- c. High blood cholesterol? Yes No

HEALTH HABITS

15. About how often do you drink...	Never	Occasionally but not every week	At least once per week but not daily	Once per day	More than once per day
a. Pop or soda (regular)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Pop or soda (diet)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. Energy drinks such as Red Bull, 5-hour Energy, or Monster?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d. Other sugar-sweetened drinks such as sweet tea, coffee drinks, juice drinks, Kool-Aid, or Gatorade?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e. Water?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f. Milk?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

16a. A serving of fruit is one medium sized fruit, or a half cup chopped, cut, or canned fruit. Yesterday, how many servings of fruit did you eat? Do NOT include fruit juice.

servings

16b. Yesterday, how many 6 ounce servings of 100% fruit juice did you drink?

servings
