2016 Women's Services -

Aggregate Data

Evaluation Tables: Part One

Program Name Aggregate Data

Throughout this report, (empty) indicates data are missing.

Table 1

Opened, served and closed clients and children				
	Clients	Children	New Babies	Reporting Period
Clients Still Open from Previous Period	411	819	42	Start Date 06-01-2018
New Opened This Period	834	1490	87	End Date 05-31-2019
Total Served this Period	1,245	2,309	129	
Closed This Period	866	1634		

Table 2

Eligibility of new clients opened this period		
	Number	%
New Clients Opened This Period	834	100%
Clients in Treatment at intake	696	83%
Clients who completed treatment within 6 months prior to intake	45	5%
Clients who plan to enter treatment within 3 months of intake	58	7%
Clients who were pregnant and using drugs or alcohol at intake	66	8%
Clients not in treatment (not meeting eligibility criteria)	34	4%

Reason for no treatment	Number of Intakes
<u>Baby tested positive for meth at birth</u>	1
<u>client and baby tested positive for thc at birth</u>	1
<u>Client closed out of program but got pregnant immediately after. In high stress situation and at high risk for relapse.</u>	1
<u>Client delivered 1/17/19 using alcohol</u>	1
<u>Client gave birth already but was using during her pregnancy.</u>	1
<u>client has history of using during pregnancy.</u>	1
<u>client has newborn in NICU tested positive for amphetamines</u>	1
<u>client states she isn't using as of 1/10/19. Also states she smokes 2 blunts a day</u>	1
<u>Client was pregnant and using.</u>	1
<u>client's newborn tested positive for thc at birth</u>	1
<u>High Risk for Relapse</u>	1
<u>High risk of relapse</u>	1
<u>history of drug use while parenting</u>	1
<u>history of substance use</u>	1
<u>History of substance use and currently pregnant</u>	1
<u>In need of R25.</u>	1
<u>infant tested positive for amphetamines and THC at birth; admitted to use during pregnancy; open CHIPS case</u>	1
<u>infant tested positive for THC at birth 12/07/18</u>	1
<u>Needs sober support group</u>	1
<u>Needs sober support system</u>	1
<u>Open CPS case for driving while intoxicated with the kids in the car. No Rule 25 recommendations at this time.</u>	1
<u>Parenting</u>	3
<u>Parenting and substance use</u>	1
<u>parenting and using alcohol</u>	1
<u>Parenting, attempting to regain custody and using substances</u>	1
<u>recently.</u>	1
<u>recently discontinued use</u>	1
<u>Seeking support</u>	1
<u>Seeking support. tested (+) for THC at birth and delivery of baby.</u>	1
<u>substance use while parenting</u>	2
<u>unknown</u>	1
Totals (31 groups)	34

CHILDREN & PREGNANCIES

Table 29

Race and ethnicity of children at intake

Children's intake data **excludes** babies that are born after intake. This include those that were born this reporting period and counted in the 'Pregnancy Outcome' section below and those born in previous periods and not captured in this period's "Pregnancy Outcome" section. For this reason the total number of children for the following tables may be different than those in Table 1.

Race	Number of Children	Number of Children (% of col)
<i>(empty)</i>	9	0.4%
African American/Black	326	15.4%
American Indian/Alaskan Native	397	18.8%
Asian American/Pacific Islander	42	2.0%
White	808	38.2%
Biracial/Multiracial	477	22.6%
Other	19	0.9%
Unknown	35	1.7%
Totals (8 groups)	2113	100.0%
