Acknowledgments

We would like to thank the residents of Southwest and South Central Minnesota who completed the survey upon which this data book is based.

In addition, we would like to thank the public health staff who contributed to the completion of this study, including: Carol Biren, Diane Madsen, Elizabeth Auch, Jill Bruns, Judy Pitzl, Katrina Henry, Krista Kopperud, Michelle Salfer, Leah Schueler, Pat Stewart, Shelly Aalfs, and Teri Janssen. We would also like to thank Ann Kinney, from the Minnesota Department of Health, for the technical assistance she provided.

The following Wilder Research staff worked on this study.

Amanda Peterson

Dawn Mueller

Phil Cooper

Walker Bosch

This study was funded by the Minnesota Department of Health's Statewide Health Improvement Program (SHIP).

Introduction and methods

Staff from the public health agencies representing Big Stone, Chippewa, Cottonwood, Jackson, Kandiyohi, Lac qui Parle, Lincoln, Lyon, Murray, Nobles, Pipestone, Redwood, Renville, Rock, Swift, and Yellow Medicine counties developed the survey instrument with technical assistance from the Minnesota Department of Health Center for Health Statistics. Existing items from the Behavior Risk Factor Surveillance System (BRFSS) survey and from other recent surveys in Minnesota were used to design some of the items on the survey instrument. The survey was formatted by the printing and mailing vendor, Survey Systems, Inc., of New Brighton, MN, as a scannable, self-administered English-language questionnaire. See the Appendix for the survey instrument.

Sample

A two-stage sampling strategy was used for obtaining a statistically representative sample of adults living in each of the 16 counties. A separate sample was drawn for each county. For the first stage of sampling, a random sample of county residential addresses was purchased from a national sampling vendor (Marketing Systems Group of Horsham, PA). Address-based sampling was used so that all households would have an equal chance of being sampled for the survey, regardless of their phone status (cell-only, multiple lines, etc.) Marketing Systems Group obtained the list of addresses from the U.S. Postal Service.

For the second stage of sampling, the “most recent birthday” method of within-household respondent selection was used to specify one adult from each selected household to complete the survey. The purpose of within household randomization is to ensure a better gender and age balance among the survey respondents.

Data collection

An initial survey packet that included a cover letter, the survey instrument, and a postage-paid return envelope was mailed April 27-30, 2015, to 20,100 sampled households (1,200 for 13 of the counties and 1,500 for three of the counties). Approximately two weeks after the first survey packets were mailed (May 8), a postcard was sent to all sampled households, reminding those who had not yet returned a survey to do so, and thanking those who had already responded. Two weeks after the reminder postcards were mailed (May 22), another full survey packet was sent to all households that still had not returned the survey. The remaining completed surveys were received over the next eight weeks, with the final date for the receipt of surveys being July 31, 2015.

Completed surveys

Completed surveys were received from 6,125 adult residents of the 16 counties; thus, the overall response rate was 30.5% (6,125/20,100). County-specific population, sample, and response rates can be found in Figure 1.

1. Southwest/South Central MN Adult Health Survey sample and respondents

Area No.	Reporting area (County)	Population of area ^a	Number of addresses sampled	Number of completed surveys	Response rate	Margin of error ^b
1	Big Stone	5,122	1,200	351	29.9%	7.0%
2	Chippewa	12,093	1,200	285	24.2%	8.1%
3	Cottonwood	11,616	1,500	456	31.0%	6.6%
4	Jackson	10,260	1,500	429	29.5%	6.4%
5	Kandiyohi	42,410	1,200	353	29.8%	6.9%
6	Lac qui Parle	7,027	1,200	381	32.1%	7.0%
7	Lincoln	5,830	1,200	412	34.8%	6.6%
8	Lyon	25,487	1,200	339	28.9%	7.2%
9	Murray	8,533	1,200	418	35.0%	6.4%
10	Nobles	21,617	1,500	448	30.4%	6.6%
11	Pipestone	9,270	1,200	328	27.8%	8.0%
12	Redwood	15,744	1,200	361	30.7%	6.9%
13	Renville	15,166	1,200	387	32.9%	7.0%
14	Rock	9,520	1,200	361	30.8%	7.4%
15	Swift	9,546	1,200	373	31.3%	7.2%
16	Yellow Medicine	10,143	1,200	337	28.8%	7.8%
All		219,284	20,100	6,019	30.5%	1.9%

^a Most recent data (2013) from MN Compass

^b The margins of error are adjusted due to the statistical weighting procedures used to adjust age and gender.

Data cleaning and analysis

The responses from the completed surveys were scanned into an electronic file by Survey Systems, Inc. The scanned data were transferred to Minnesota Department of Health Center for Health Statistics staff for verification, cleaning and new variable creation.

To ensure that the survey results are representative of the adult population of each of the 16 counties, the data were weighted by the Minnesota Department of Health's Center for Health Statistics staff. The weighting accounts for the sample design by adjusting for the number of adults living in each sampled household. The weighting also includes a post-stratification adjustment so that the gender and age distribution of the survey respondents mirrors the gender and age distribution of the adult populations of the 12 counties, according to U.S. Census Bureau 2010 estimates.

How to use this data book

The “area of focus” for this data book is **Jackson County**. Data books using this same format have been developed for each of the 16 reporting areas, as shown in Figure 1. Please see the other data books in this series for more detailed information about these other areas. For every table in this data book, results are displayed for sub-groups of respondents from Jackson County based on:

- Gender
- Age, including adults ages 18-34, 35-44, 45-54, 55-64, 65-74, and 75+
- Highest level of education including less than high school diploma/GED, high school diploma/GED, some college, trade school, or Associate degree, and bachelor's degree or higher
- Annual household income ranges including less than \$20,000, \$20,000-\$34,999, \$35,000-\$49,999, \$50,000-\$74,999, \$75,000 or more.

The columns in each table correspond to the response options respondents were given on the survey (see Appendix for survey instrument). If a table represents a survey question with fixed response categories, each column indicated the percentage of respondents who gave that response to the question. Some answer categories are combined because of the low number of responses in those categories. The last column in each row of the table always presents the number of people (unweighted) related to the percentages in that row. Some questions may apply only to certain types of respondents (due to skip patterns in the survey). In these cases, the percentages were calculated based on the number of respondents who were asked that question (as shown by the unweighted Ns in the last column).

22. How many glasses of each of the following did you drink yesterday? Think of a "glass" as a 12-oz. serving.

	0	1-2	3-4	5-6	7 or more
a. Milk	<input type="radio"/>				
b. Pop or soda (regular)	<input type="radio"/>				
c. Pop or soda (diet)	<input type="radio"/>				
d. Sports or energy drinks (Gatorade, Red Bull, Monster, etc.)	<input type="radio"/>				

24. In an average week, how many times do you do the following?

	0 times	1-2 times	3-4 times	5-6 times	7 or more
a. Eat out or order out a meal from a <u>fast food</u> place (McDonald's, KFC, Taco Bell, pizza places, etc.)	<input type="radio"/>				
b. Eat a meal out at a <u>restaurant</u> that is <u>not</u> a fast food place	<input type="radio"/>				
c. Eat a meal from Meals on Wheels	<input type="radio"/>				
d. Eat a meal from Senior dining/Senior meals	<input type="radio"/>				
e. Eat a meal at a community setting such as a church	<input type="radio"/>				
f. Eat a home-cooked meal	<input type="radio"/>				
g. Watch television during meal time	<input type="radio"/>				

24. In a <u>typical month</u> , how often do you or others in your household buy or get food from the following places?	Never or less than one time per month	About one time per month	About two or three times per month	About one time per week	Two or more times per week
a. Supermarket or large grocery store	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Small grocery store	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. Convenience store or gas station	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. Grocery delivery service	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e. Food shelf or food pantry	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
f. Some other place	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

25. During the <u>growing season</u> , how often do you or others in your household buy or get food from the following places?	Never or less than one time per month	About one time per month	About two or three times per month	About one time per week	Two or more times per week
a. Farmer's market, fruit/vegetable stand	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Local farm or CSA (community supported agriculture)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. Food grown at home or in a community garden	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

26. How far do you usually go (one way) to get your groceries?

- Less than 2 miles 11-20 miles
 2-6 miles 21-30 miles
 7-10 miles Over 30 miles

27. How often do you prepare a meal cooked at home from basic ingredients, such as pasta, rice, vegetables, or meats?

- Every day 1-2 days per week
 5-6 days per week Less than 1 day per week
 3-4 days per week Never

28. How comfortable are you with your skills in ...

	Very comfortable	Somewhat comfortable	Not very comfortable	Not at all comfortable
a. ...following a recipe?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. ...measuring ingredients?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. ...cutting and mixing ingredients?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. ...using different methods to cook foods, such as boiling, baking, stir-frying or grilling?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

29. During the past 12 months, how often did you worry that your food would run out before you had money to buy more?

- Often Rarely
 Sometimes Never

30. During the past 12 months, have you used a community food shelf program?

- Yes No

31. Please mark the extent to which you agree or disagree with the following statements.

	Strongly agree	Agree	Disagree	Strongly disagree
a. There is a large selection of fresh fruits and vegetables where I usually shop.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. The fresh fruits and vegetables available where I usually shop are of high quality.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. The fresh fruits and vegetables where I usually shop are too expensive.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
d. Fruits and vegetables are difficult to prepare.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
e. Fruits and vegetables spoil quickly.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

32. During the past 30 days, other than your regular job, did you participate in any physical activity or exercise such as running, calisthenics, golf, gardening or walking for exercise?

- Yes No

33. During an average week, other than your regular job, how many days do you get at least 30 minutes of moderate physical activity? Moderate activities cause only light sweating and a small increase in breathing or heart rate.

- 0 days 2 days 4 days 6 days
 1 day 3 days 5 days 7 days

34. During an average week, other than your regular job, how many days do you get at least 20 minutes of vigorous physical activity? Vigorous activities cause heavy sweating and a large increase in breathing and heart rate.

- 0 days 2 days 4 days 6 days
 1 day 3 days 5 days 7 days

35. Where do you usually exercise or do physical activities? (Mark ALL that apply.)

- At home At a health club, fitness center, or gym Somewhere outdoors (park, trails, etc.)
 At work At a public recreation facility or community center Some other place
 Not applicable—I do not do or I am unable to do physical activities
